# THE CHEESE TOASTER

We are a London based street food company serving flat-iron cheese toasties. We combine award winning British cheese with the finest ingredients between slices of crunchy artisan sourdough.

**The Cheese Toaster** was formerly a working Horse-box and has been converted into a giant toaster on wheels. We like to think that we can get a few smiles as well as serving delicious food.

We specialise in event catering for corporate, film/TV and social events. Our food is the perfect partner with a pint of beer or as a late night snack at your event. We use only the finest seasonal ingredients and we love making our own pestos, pickles and slaws!
